

### Indies, Merch, Artists that support Doki/xSelen

These are twitter handles of those who support Doki and throw stones at Nijisanji EN & Anycolor

note: work in progress, pls wait

disclaimer: I did not make this list all by myself, a lot of input are from Niji fans and I just make the compilation here and double check by looking up for the evidence tweets.

First and foremost pls, BLOCK THIS PERSON, one of the most disgusting people in the community, two-faced person who trash talk Anycolor/Nijisanji EN, Elira and Vox, retweet revenge p0rn of Elira and make fun of her, but they're still replying to Nijien livers tweets acting like goody two shoes.
